Hawkins. Friday, November 6, 1987.

The final battle has begun. While Eleven and the others are fighting Vecna at the heart of the Abyss, something else is slipping through the cracks.

The Demogorgons. Fast. Silent. Everywhere.
Hawkins is running out of time.

Your mission is clear: **Hunt down and kill every Demogorgons hiding in the Upside Down. Do not let a single one escape.**

Find them before they find you.
